**COLOR CRAFT INC. COMPLETES
“OLYMPIC-THEMED” DECALS
FOR AIR CANADA**

Additional photos available on Airliners.net

Tukwila Washington – Color Craft Inc. of Tukwila, Washington completed the production of the **“Olympic-Themed”** decals for Air Canada which were installed on a Boeing 777-300ER (Extended Range) jetliner. Air Canada is flying the globe with these decals commemorating the Olympic winter games to be held in Vancouver, Canada beginning February 12, 2010.

For over 30 years, Color Craft Inc has enjoyed a reputation of providing attention-grabbing, high-end, high-performance decals for jet aircraft. Currently, hundreds of aircraft are flying world-wide with Color Craft graphics installed on their exteriors. Color Craft’s capabilities also extend to exterior aircraft mandatory safety markers and graphics for airline ground operation activities including:

- Airport terminal display graphics
- Customer counter graphics
- Signage and graphic wraps for cars, trucks and luggage handling equipment

Specializing in providing solutions rather than simply product – Color Craft uses standard and proprietary components to produce screen and digitally printed graphics, particularly where exceptional quality and compelling graphics are desired to help you substantiate your brand awareness. These aircraft products often can be applied without expensive specialized labor or environmentally controlled hangars.

Color Craft Inc. is an ISO 9001:2000 and AS9100:RevB registered company.

These certifications are assurance to our customers that every job Color Craft Inc. produces will have the highest quality, accuracy, and consistency standards applied through a rigorously maintained certified QMS.

Whether your next project is to use large decorative appliques to differentiate your company from its competition or you are looking for higher performance products to reduce your maintenance costs, decals are a sensible approach to reduce the time your assets are out of service.

Contact Color Craft today to learn how we can apply our experience and products to provide high impact cost effective graphics for you.
